Media Arts and Sciences

AN INTERDEPARTMENTAL MAJOR

Co-Directors: Irish, Metaxas

The Departments of Art and Computer Science offer jointly an interdepartmental major in Media Arts and Sciences that explores the artistic, cultural and scientific applications within the context of new media technologies. The program focuses on media production that balances artistic sensibility with analytical reasoning within the rich tradition of the liberal arts environment. Areas of study include digital imaging and design; Web-connected database architectures; three-dimensional visualization and modeling; digital composition in audio/video; analog print and photographic processes; computer graphics and animation; human-computer interaction; programming for networked environments.

A major in Media Arts and Sciences requires 12 units of course work, at least eight of which must be above the 100-level and at least two of which must be at the 300-level other than 350, 360, or 370. Flexibility has been built into the major to allow students the ability to adapt their course of study in relation to their interests, by choosing an emphasis either in Media Sciences or in Media Arts. The major starts with three introductory courses, at least five courses in the concentrating area and at least two courses outside the area of concentration. In addition to other courses at Wellesley, students can take courses from MIT’s Media Lab or Comparative Media Studies.

The major consists of:

1. **Three required introductory courses**, one each from studio art, art history and computer science: ARTH 101 (Introduction to the History of Art Part II: Renaissance to the Present), ARTS 109 (Basic Two-Dimensional Design) or ARTS 108 (Photography I), and CS 110 (Computers and the Internet).

2. **At least two required art courses** (at least five required for concentrating in Media Arts) from the following: ARTS 165 (Introduction to Video Production), ARTS 219 (Introductory Print Methods: Lithography/Monotype) or ARTS 220 (Introductory Print Methods: Intaglio/Relief), ARTS 221 (Digital Imaging), ARTS 255 (Dynamic Interface Design), ARTS 260 (Moving Image Studio), ARTS 265 (Intermediate Video Production) or ARTS 208 (Photography II), ARTS 313 (Virtual Form), ARTS 317 (Seminar. Topics in the Visual Arts), ARTS 320 (Architectonics and Installation).
3. At least two required computer science courses (at least five required for concentrating in Media Sciences) from the following: CS 111 (Computer Programming and Problem Solving), CS 215 (Multimedia Design and Programming), CS 230 (Data Structures), CS 231 (Fundamental Algorithms), CS 242 (Computer Networks), CS 304 (Databases with Web Interfaces), CS 307 (Computer Graphics).

4. At least one media culture course is recommended from the following: ARTH 225 (Modern Art Since 1945), ARTH 226 (History of Photography: From Invention to Advertising Age), ARTH 291 (Persuasive Images), CAMS 175 (Introduction to Media Studies), EXP 240 (Papyrus to Print to Pixel), SOC 216 (Sociology of Mass Media and Communication).

Majors are also encouraged to take an advanced media production course (e.g. an individual study).

MAS 250 Research or Individual Study
Prerequisite: Open to all students by permission.
Distribution: None
Semester: Fall, Spring Unit: 1.0

MAS 350 Research or Individual Study
Prerequisites: Open to Juniors and Seniors by permission
Distribution: None
Semester: Fall, Spring Unit: 1.0

MAS 360 Senior Thesis Research
Prerequisites: By permission of the department. See Academic Distinctions
Distribution: None
Semester: Fall, Spring Unit: 1.0

MAS 370 Senior Thesis
Prerequisites: 360
Distribution: None
Semester: Fall, Spring Unit: 1.0

The MAS thesis offers an opportunity to develop independent research and production with honors. Students interested in proposing a thesis need to have a minimum 3.5 GPA in the major, and the support of a faculty advisor in the Art or CS Departments. An interdepartmental review will occur at the end of the fall semester, to determine whether the student should continue her project as a 370 in the Spring and convey its decision to the student by December 20th. In a case where it is recommended that the Senior Thesis not be continued into the second semester, a student would receive credit for 360 work on the completion of a schedule of work previously agreed to between the thesis advisor and the student.
Thesis proposal should be discussed with the primary faculty advisor during the spring prior to senior year. Proposals for thesis projects must be submitted in writing, detailing the scope for the project, research methodology, project timeline, and must be accompanied by an electronic portfolio of at least 4 MAS projects. Proposals are due on August 25 before the beginning of the student's senior year.

Related Courses

*For Credit Toward the Major*

The courses listed below are representative of Wellesley and MIT courses that emphasize topics related to the media arts and sciences major. Students may include courses not listed below in their major with permission of the program directors.

**CAMS 231** Film as Art  
**CS 115/PHYS 115** Robotic Design Studio  
**PHIL 203** Philosophy of Art  
**ENG 204** The Art of Screenwriting  
**MUS 275** Computer Music: Synthesis Techniques and Compositional Practice  
**PSYC 218** Sensation and Perception  
**PSYC 336** Children, Adolescents, and the Media  
**PSYC 337** Seminar. The Psychology of Creativity  
**SOC 215** Sociology of Popular Culture

**MIT Courses**

The MIT Media Lab and the MIT Comparative Media Studies Program offer a large variety of courses that may be appropriate for a media arts and sciences major. These offerings vary per semester; please consult the MIT catalog. Below are sample Media Lab courses offered in 2003-04.

**MAS.110** Fundamentals of Computational Media Design  
**MAS.111** Introduction to Doing Research in Media Arts and Sciences  
**MAS.160** Signals, Systems and Information for Media Technology  
**MAS.478** Experiences in Interactive Art  
**MAS.642J** Writing for Computer Performance  
**CMS.790** Media Theories and Methods I
CMS.801 Media in Transition
CMS.880 Erasmus to E-mail: Technologies of the Word
